Order On-Line or via Telephone

You must use your Irrigator with either a Water-Pik® or a Hydro-FloTM

If you will be using a Water-Pik®, Ethicare must know what Model Number to ensure that you get an irrigator with the correct connector

Cat.# AHUN  **\$21.00**
 +S/H **5.95**
Total \$26.95

The Nasal Tip provides an ADJUSTABLE Nasal-Throat Spray Irrigation. With the AHUN the liquid solution enters one nostril, exits the other. The cilia are invigorated and function responsibly. Throat infections are readily treated with liquid solutions recommended by the Physician.

Cat.# NFT  **\$21.00**
 +S/H **5.95**
Total \$26.95

This product is designed to produce a steady liquid solution stream under finite volume and intensity control to accommodate any tissue sensitivity. The liquid stream enters and exits the same nostril independently. While extremely effective for the hygiene of the nasal passage, it is also effective in the flushing of the deep crypts of the throat.

Cat.# HUNF  **\$26.00**
 +S/H **5.95**
Total \$31.95

This product is a combination of the AHUN and the NFT, both of which are shown above. This allows the patient to select and alternate nasal hygiene tips for the most effective treatment.

Cat.# PL-NF-TU  **\$16.95**
 +S/H **4.95**
Total \$21.90

A Flexible Flush Irrigator designed to produce a steady liquid solution stream under finite volume and intensity control for sensitive tissues. The liquid solution enters and exits the same nostril. Similar to the NFT, but is flexible and the tip is not replaceable.

Cat.# DSI  **\$17.95**
 +S/H **4.95**
Total \$22.90

A Flexible Flush Irrigator, similar to the PL-NF-TU, but with side holes to directly irrigate hard to reach recesses. The DSI is most useful in post surgery where an opening to a sinus remains.

 **Cat.# SR-16-35** **\$6.95**
 +S/H **5.95**
Total \$12.90
 2 for **\$11.95**
 +S/H **7.95**
Total \$19.90

A box of 35 individual pre-mixed packets of PH balanced Saline to make 16 oz. of Isotonic Irrigation Solution from each packet.

If this box is checked, your Doctor wants you to use the Irrigator with a Water-Pik®

If this box is checked, your Doctor wants you to use the Irrigator with a Hydro-FloTM
